University College London

A Reproducible Study of Shared Streets

A thesis submitted for the degree of
Doctor of Philosophy

Your Name

Department of Civil, Environmental and Geomatic Engineering

August 29, 2026

Abstract

This starter separates front matter, chapters, and references so it can grow with a real dissertation. Replace this paragraph with a concise statement of the question, method, result, and contribution.

Contents

Abstract **i**

1 Introduction **1**

1.1 Motivation 1

1.2 Contributions 1

2 Methods **2**

2.1 Study design 2

3 Results **3**

3.1 Main finding 3

4 Discussion **4**

4.1 Limitations 4

5 Conclusion **5**

Chapter 1

Introduction

1.1 Motivation

Explain the problem and why it matters.

1.2 Contributions

1. State the first contribution.
2. State the second contribution.

Chapter 2

Methods

2.1 Study design

Describe data, materials, participants, or experiments.

Chapter 3

Results

3.1 Main finding

Report the finding before discussing its implications.

Chapter 4

Discussion

4.1 Limitations

Name the assumptions that future work should test.

Chapter 5

Conclusion

Summarise the answer and the next practical step.
